

## Mill Cottage

This property forms part of a converted barn.

It is on 4 levels with several stairs to access each but not a full staircase.

The front door leads straight into the living room. There are 5 stairs up to the kitchen with an open gallery creating the division between kitchen dining area and sitting room.

There is a further door from the back parking space which gives access to the downstairs bedroom and ensuite bathroom with shower. This is accessible to people with partial disability and has wide doors to bedroom and shower room

There are 4 stairs from the kitchen to the hall and ground floor bedroom and 4 stairs to the twin-bedded room.

From this level there are 4 stairs to a small landing with a shower and toilet and the third bedroom (double) and ensuite bathroom with bath.
